I, acting as owner of the animal named above (herein "Animal"), hereby request and authorize Anicira Veterinary Center, its employees, independent contractors, and agents (individually or collectively "Anicira"), to perform veterinary procedure(s) on my Animal, whether requested today or henceforth, which procedures may involve surgery for sexual sterilization or surgery of another type on my Animal.

By signing below, I specifically acknowledge that I understand and agree with the following:

- I understand that the surgery and other types of procedures present hazards and that injury to or death of the Animal may conceivably result.
- There are risks inherent to any procedure requiring the use of anesthetics and drugs.
- I hereby release Anicira from any and all claims arising from or connected with the performance of veterinary procedure(s) on my Animal.
- I agree that I have not or will not claim any right of compensation from any of them, or file action due to such procedure(s), the use of anesthesia, or any consequences related thereto.
- Anicira shall not be liable for any injury or damage to any animal for any disease, accident, injury, or death from any cause whatsoever.
- I agree to indemnify Anicira against any claim for damages to any person, animal, or property.
- I understand that some factors significantly increase surgical risk, including but not limited to underlying or preexisting medical conditions.
- I hereby release Anicira from claims arising from or connected with giving vaccines.
- I understand the inherent risks of failing to maintain current vaccinations and waive all claims arising out of or connected with Anicira performing veterinary services despite such failure.
- If my Animal has not already been fully vaccinated, the risk for contracting a disease or virus increases due to potential exposure at Anicira.
- If my Animal is being vaccinated by Anicira, I understand that there is a risk associated with all vaccinations and that my Animal could still contract the disease or virus being vaccinated against, or my Animal could have another potentially harmful side effect, up to and including death. I also understand that it takes up to four weeks for a vaccination to become effective.
- I certify that my Animal is in good health. I understand that Anicira has the right to refuse service to any animal to which it deems the service a health risk. I understand that Anicira will not always perform a comprehensive health exam and pre-operative lab work on animals before surgeries.
- I understand that Anicira may refuse to provide services to any animal that is not sterilized unless sterilization is occurring simultaneously with other desired procedures.
- I understand that if I do not retrieve my Animal at the agreed upon time, Anicira will exercise its right to place or transfer my Animal, as allowed by the State of Virginia under Va. Code § 3.2-6520. Owners of any animal left after the agreed date and time shall be charged a boarding fee of no less than \$20.
